

Press Release

PointOne and Houston based Digital Fiber Entertainment Company to create alliance for Houston market

Austin, October 1, 2006 - PointOne and Optical Entertainment Network, Inc. have created an alliance to provide digital phone services to their customers that are purchasing OEN's FISION service. FISION is the leading provider of IPTV and IP Broadband and Digital Voice services optimized for fiber-to-the home (FTTH) technology.

OEN has made this service available to residential customers, multiple dwelling units (MDU's) and business customers starting in the Northwest and Southwest sections of Houston.

All FISION Triple Play Plus[™] packages include over 400 popular and innovative channels as well as up to 10 Mbps Ultimate Internet complimented with commercial grade VOIP featuring unlimited calling to the US and Canada as well as caller -ID, call waiting and a find-me-follow-me feature at no additional cost to the FISION subscribers.

PointOne has been on the leading edge of VOIP services for over ten years. PointOne operates the largest VOIP network in North America. The 100% enhanced services IP network incorporates

industry leading, next generation technology end-to-end, coupled with patented, proprietary IP applications and processes. PointOne's class of service quality has earned the company industry – wide recognition. PointOne is a privately held company.
